12.3 Evaluation of Financial Proposal (Cost)

12.3.1 After completion of the evaluation of Technical Proposal (quality), KRFB shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered nonresponsive to the ToR, indicating that their financial proposals will be returned unopened after completing the selection process. KRFB shall simultaneously notify the consultants that have secured the minimum qualifying mark, and indicate the date and time set for opening the financial proposals. The opening date shall not be sooner than one week after the notification date. The financial proposals shall be opened publicly in the presence of representatives of the consultant who choose to attend. The name of the consultant, the technical scores, and the proposed prices shall be read aloud and recorded when the financial proposals are opened. The KRFB shall prepare the minutes of the public meeting. The format of submission of the Financial Proposal is as given in Annexure VI-Form F.

12.3.2 The Financial Proposal should be quoted in Indian Rupees as a lump sum professional fee, on a monthly basis and should be inclusive of the total cost of the, camp office, operating cost of office and transport and all other expenses.

12.3.3 For the purpose of evaluation, ‘cost’ shall exclude GST.

12.3.4 The bidder, who quotes the lowest professional fee, will be awarded a financial score of 100 marks and other bidders will be given financial scores that are inversely proportional to their quoted professional fees. **The formula for this will be, $F = 100 \times (\text{Amount of Professional Fee Quoted by the Lowest Bidder} / \text{Amount Professional Fee Quoted by the Bidder under evaluation})$.**

12.3.5 KRFB will correct any arithmetical errors in Financial Proposals. While correcting ‘arithmetical errors,’ in case of discrepancy between amount mentioned in words and figures, the lower among the two shall prevail and only be considered.

12.4 Combined Quality and Cost Evaluation

The total score shall be obtained by weighting the Technical score and Financial score and adding them. The proposed weightings for technical score shall be 70 Points and financial score shall be 30 Points. If ‘T’ is the total marks scored in Technical Proposal, and ‘F’ is the marks scored for the Financial Proposal, **the final weighted score will be: $0.70*T + 0.30*F$.** The assignment shall be awarded to the bidder scoring the highest final weighted score.

KRFB, however, reserves the right to reject any or all the bids received, without assigning any reasons and any liability to KRFB.

13 KRFB/Govt. of Kerala’s Interest

Consultants shall provide professional, objective, and impartial advice and at all times and hold KRFB, PWD and Govt. of Kerala’s interest paramount.

TERMS OF REFERENCE (TOR)

INDEPENDENT ENGINEER DURING O&M PERIOD FOR KOZHIKODE CITY ROADS IMPROVEMENT PROJECT (KCRIP) – PHASE 1, THROUGH DBFOT ANNUITY MODE.

1 Scope

These Terms of Reference for the Independent Engineer (the “TOR”) are being specified pursuant to the Concession Agreement dated 22-07-2015 (the “Agreement”), which has been entered into between the KRFB and M/s ULCCS Calicut City Infrastructure Development Private Limited, (the “Concessionaire”) for development of Kozhikode City Road Improvement Project (KCRIP)-PHASE1 on design, build, finance, operate and transfer (DBFOT) Annuity mode. This TOR shall apply to the role of Independent Engineer as the agency in charge of the supervision and monitoring of the operation and maintenance activities of the concessionaire on the project roads.

2 ROLE AND FUNCTIONS OF INDEPENDENT ENGINEER

The Independent Engineer shall be responsible for the activities and efficiency of his staff for the satisfactory monitoring of the Operation & Maintenance activities undertaken by the Concessionaire so as to ensure compliance with the O&M requirements.

The Independent Engineer is expected to play a positive and independent role in discharging its functions, thereby facilitating the smooth implementation of the project. Some of the principal responsibilities of the Independent Engineer are:

- 2.1 Independently review, monitor and where required by the Agreement, to approve activities associated with the Operation and Maintenance of the Project Facilities to ensure compliance by the Concessionaire with the DPR/Project Requirements,
- 2.2 Report to the Parties on the various physical, technical and financial aspects of the Project based on inspections, site visits and Tests,
- 2.3 Assist the Parties in arriving at an amicable settlement of disputes, should the need arise, and
- 2.4 Review matters related to safety and traffic management measures adopted by the Concessionaire for the Project.
- 2.5 Review, inspection and monitoring of O&M as set forth in Concession Agreement, to ensure compliance with the O&M schedule and the O&M manual.

- 2.6 Review, inspection and monitoring of Divestment Requirements as set forth in the Concession Agreement and
- 2.7 Undertaking all other duties and functions in accordance with the Concession Agreement.

The Independent Engineer shall discharge its duties in a fair, impartial and efficient manner, consistent with the highest standards of professional integrity and Good Industry Practice.

3 Scope of services

3.1 Operation and Maintenance: The Independent Engineer would monitor, in accordance with Good Industry Practice, the operations and maintenance activities undertaken by the Concessionaire so as to ensure compliance with the O&M Requirements as per the O&M schedule in the Concession Agreement and the O&M manual submitted by the concessionaire. The specific activities to be undertaken would include the following:

- 1) Review the O&M Plans submitted by the Concessionaire from time to time and assist the Concessionaire in finalising the same;
- 2) Monitor Operation and Maintenance activities (including maintenance of equipment, standards of service, traffic management, safety and environmental issues) and the overall quality of O&M activities so as to ensure compliance by the Concessionaire with the O&M Requirements, O&M Plan and O&M Manual;
- 3) Periodically review the O&M Manual for adequacy;
- 4) The Independent Engineer shall inspect the Project once every month, preferably after receipt of the monthly status report from the Concessionaire, but before the 20th (twentieth) day of each month in any case, and make out an O&M Inspection Report setting forth an overview of the status, quality and safety of O&M including its conformity with the Maintenance Requirements and Safety Requirements. In a separate section of the O&M Inspection Report, the Independent Engineer shall describe in reasonable detail the lapses, defects or deficiencies observed by it in O&M of the Project. The Independent Engineer shall send a copy of its O&M Inspection Report to the KRFB and the Concessionaire within 7 (seven) days of the inspection.
- 5) The Independent Engineer may inspect the Project more than once in a month, if any lapses, defects or deficiencies require such inspections.
- 6) Review and ascertain the cost variation arising as a result of Change in Law and/or Change in Scope and determine the Additional Cost;

- 7) The Independent Engineer shall review the annual Maintenance Programme furnished by the Concessionaire and send its comments thereon to the KRFB and the Concessionaire within 15 (fifteen) days of receipt of the Maintenance Programme.
- 8) The Independent Engineer shall review the monthly status report furnished by the Concessionaire and send its comments thereon to the KRFB and the Concessionaire within 7 (seven) days of receipt of such report.
- 9) Undertake a quarterly review of the various records and registers to be maintained by the Concessionaire (including the records relating to complaints and accidents) and suggest suitable remedial measures; procedures, where necessary.

In the event of Emergency, the Independent Engineer shall assist the Concessionaire in dealing with the same and if necessary require or permit, as the case may be, the Concessionaire to take such appropriate steps or measures including where necessary decommissioning of any Project Facilities.

3.2 Inspections & Frequency

- 3.2.1 The Independent Engineer shall carry out inspection of entire road stretch as per the frequency as set forth in the Concession agreement.
- 3.2.2 The carrying out of condition surveys will be one of the most important and crucial field tasks under the project. The Independent Engineer shall carry out condition surveys as set forth in Concession Agreement.
- 3.2.3 The Independent Engineer shall in its O&M Inspection Report specify the tests, if any, that the Concessionaire shall carry out or cause to be carried out for the purpose of determining that the road reach is in conformity with the Maintenance Requirements. It shall monitor and review the results of such tests and the remedial measures, if any, taken by the Concessionaire in this behalf.
- 3.2.4 In respect of any defect or deficiency referred to the Concession Agreement, the Independent Engineer shall, in conformity with Good Industry Practice, specify the permissible limit of deviation or deterioration with reference to the Specifications and Standards and shall also specify the time limit for repair or rectification of any deviation or deterioration beyond the permissible limit.
- 3.2.5 The Independent Engineer shall determine if any delay has occurred in completion of repair or remedial works in accordance with the Agreement, and shall also determine the Damages, if any payable by the Concessionaire to the KRFB for such delay.

- 3.2.6 The Independent Engineer shall examine the request of the Concessionaire for closure of any lane(s) of the carriageway for undertaking maintenance/repair thereof, keeping in view the need to minimise disruption in traffic and the time required for completing such maintenance/repair in accordance with Good Industry Practice. It shall grant permission with such modifications, as it may deem necessary, within 3 (three) days of receiving a request from the Concessionaire. Upon expiry of the permitted period of closure, the Independent Engineer shall monitor the reopening of such lane(s), and in case of delay, determine the Damages payable by the Concessionaire to the KRFB as set forth in Concession Agreement.
- 3.2.7 The Independent Engineer shall monitor and review the curing of defects and deficiencies by the Concessionaire as set forth in Concession Agreement.
- 3.2.8 In the event that the Concessionaire notifies the Independent Engineer of any modifications that it proposes to make to the project roads, the Independent Engineer shall review the same and send its comments to the KRFB and the Concessionaire within 15 (fifteen) days of receiving the proposal.
- 3.2.9 On requirement, the Independent Engineer shall carry out minor design works such as design of drainage, blackspot removal design, etc.

3.3 Meetings, Records and Reporting

- 3.3.1 The Independent Engineer would be required to participate in the Project review meetings held from time to time by the Parties, which are ordinarily expected to be held once a month during the Implementation Period and once every two months during the Operations Period as also to participate in emergency or extraordinary meetings of the Parties held to deal with any Emergency, Force Majeure Event or other exigencies.
- 3.3.2 The Independent Engineer shall, in the ordinary course, maintain record of the activities undertaken by it in discharge of its functions and responsibilities. This would include records in respect of the following:
1. Manpower deployed and other organisational arrangements of the Independent Engineer;
 2. Reviews of documents submitted to it by the Concessionaire to meet Project Requirements, such as manuals, Drawings, schedules, plans and reports;
 3. Inspections undertaken and notices! instructions issued to the Concessionaire;
 4. Review of compliance with Project Requirements;
 5. Tests;

6. Annuity claims certified;
7. Change of Scope and Change in Law;
8. Emergency (including accidents);
9. Breaches and defaults by the Parties; and
